ELBA, ALABAMA Guaranteed Tire Repairing WET GAS makes your car stubborn as a mule Cars that climb hills like rabbits with Texaco, will cough and sputter and demand second gear when a wet gas is in the tank. For wet gas condenses into raw drops of gasoline in the manifold and makes engines slow, stubborn, sluggish and sick! Texaco cures that. It forms such a thoroughly dry gas that instant power surges into your motor at the slightest command of the throttle. Even the highest hills lose their terrors. Midtown traffic becomes as simple, as easy as the open road. Texaco is exceptionally swift and agile and gives amazingly sensitive control. And in these days of congested highways control is as If you haven't tried Texaco, try it today! As soon as the old gas has been worked out of your engine make any test you wish. Challenge the worst hill in your neighborhood. Find a lonely straight-away and step all the way, down! Then test its idling speed. You can't put Texaco to these tests without being convinced! , Today try Texaco. And remember that this original dry gas is obtainable only at the Texaco pump - under the Texaco Red Star with the Green T. Beauty of line and mechanical excellence

BEAUTY has been built into the graceful flowing lines of the new Ford and there is an appealing charm in its fresh and varied harmony of color. Yet more distinctive even

than this beauty of line and color is its alert and sprightly performance. As days go by you will find that it becomes more and more your favorite car to driveso responsive, so easy to handle, so safe and comfortable that it puts a new joy in motoring.

The city dweller - the farmer - the industrial worker - the owner of the spacious two-car garage in the suburbs - to all of these it brings a new measure of reliable, economical service. Craftsmanship has been put into mass production. Today, more than ever, the new Ford is "a value far above the price."
